

# Parent Dashboard Statement

## Why Connect to your Child's Account?

The Parent Dashboard lets you view and receive specific recommendations of your youth's interests. It connects you and your child across the city for potential STEM opportunities, programs, activities, and spaces that help prepare your youth succeed in school and future careers.

As a parent, you play various roles in the development and shaping of learning for your youth. The parent dashboard acts as a tool that helps you continue connecting, exposing, and deepening youth interest pathways.

## Roles that you can play with the Parent Dashboard

### *Encourager*

Use positive language to support youth confidence and continued participation.

### *EL3 Parent Dashboard can*

Provide content of works that you can use to talk and encourage your child.

### *Learner*

Learning new STEM skills or content from child.

### *EL3 Parent Dashboard can*

Let you see what skills and experience your youth has earned through their programs and activities.

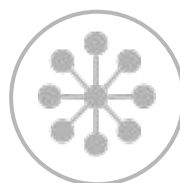

### *Audience*
